Church And State

Persecution is growing as Islamic extremism has spread from neighbouring countries. Christians face violent attacks and many church leaders end up living in hiding. Laws enforced by the government make it difficult for Christians to meet in public or train missionaries. Despite being a Christian majority, there has been a decline in religious freedom.

Prayer Points

- Pray for the church to help the authorities recognise that they are not a threat.
- Pray for Christians to see each other as brothers and sisters, especially those from different churches.
- Pray for the Lord to provide for the needs of Christians who face discrimination for their faith.
