## Concealed Christianity

Christian converts struggle to have their conversion recognised by law and could lose their jobs for their faith. Persecution is often hidden behind closed doors. It commonly comes from a relative or spouse. New believers are under constant pressure to deny Jesus. Converting to Christianity is a choice with consequences in Tunisia.

## Prayer Points

- Pray for the Lord to turn what the enemy has planned for evil into good for the church in Tunisia.
- Pray for God to show young Christians that they still have a hope and a future, despite the persecution.
- Pray for Christians to be bold and share Jesus with Muslims.
