Willing To Suffer

Persecution comes from all sides. Citizens are demanding Sharia (Islamic) law, which would prohibit converting to Christianity. The Islamic State has increased its attacks in Bangladesh. Christians are forced to meet in homes and regularly receive death threats. Despite this, many Muslims willingly risk persecution to discover Jesus.

Prayer Points

- Pray for Christians to stand firm despite suffering. May their persecutors see that this is God at work.
- Pray for a stronger Christian influence in politics.
- Pray that our projects help believers receive the assistance they need.
