Power At Any Cost

Islam is the state religion and is deeply rooted in society. Djibouti's dictatorship wants to remain in power, at any cost. Christians are viewed as a threat to them, and are therefore persecuted. Djibouti is also surrounded by other volatile, highly persecuted countries like Eritrea, Somalia and Yemen.

Prayer Points

- Pray for Islamic leaders to be changed by the love of God and love of Christians.
- Pray for the Lord to provide for Christians who have lost their jobs and are denied access community resources.
- Pray for persecuted Christians to experience joy and strength in the midst of suffering for Jesus.
